## EMI JAY

*Emi Jay*

www.emi-jay.com

The other day I was doing some shopping and came across these adorable hair products created by **Emi-Jay**. Instantly I thought they were very cute and would be a great gift and the perfect hair accessory. What really sold me was how philanthropic this company is!

Started by two fashion-savvy teenagers, their products have taken off! A portion of each proceed is donated to such charities as: **Operation Smile, Locks of Love, Toys for Tots, Project Knapsack** and many more. What started as something fun for these teen entrepreneurs has become a hit throughout the country and helps so many wonderful organizations. Go ahead and buy away, you won't be able to resist! You may purchase them [online](#) or through some of our great local stores here in Dallas like **Learning Express in Snider Plaza, Beyond Pilates, Kid Biz** and others. [CLICK HERE](#) to find more local venues and have fun with your **Emi-Jay** products!
