A new take on the ponytail holder: Emi-Jay Hair Ties

Want something more fun to hold your ponytail in place than just the typical rubber band? Well, **Emi-Jay Hair Ties** are here to help.

Each Emi-Jay Hair Tie--and there are a *lot* to choose from--has been hand-dyed and knotted. They're made from a stretchy material that, while wrapping around the hair multiple times, still don't lose their stretch or get too stretched out! (A problem we tend to have with the rubber bands we buy by the hundreds at the drugstore.) They come in tons of different patterns and colors ... really, every color under the sun!

And if you need more convincing? They're pretty enough to wear as bracelets! What more could you ask for?

Emi-Jay Hair Ties start at \$10.99 for a pack of 5 and are available at emi-jay.com.
